

CERTIFICATE

This certificate is presented to
Gulf Air for Contracting (GAC)

ISSUED BY
GD Midea Heating & Ventilation Equipment Co., Ltd.
TO CERTIFY THAT

GAC

has successfully conducted MBT 2024 Midea Headquarters Global Technical Trainings for V8 Master Series VRF held at Midea Headquarters, Beijiao, Shunde, Foshan, China between September 23 to 27, 2024. The main topics covered in this session included V8 Master Series Introduction, selection, installation & commissioning, controllers, electric and refrigerant control system, troubleshooting etc. This training was specifically organized to enhance the technical knowledge and practical skills of GAC technicians and engineers in handling the installation processes of MIDEAs advanced HVAC solutions. We appreciate the participation and attention shown by everyone involved. This training marks an important step in ensuring your teams are well-equipped with the necessary expertise to deliver high-quality service and installation for VRF systems.
